

## RSV130T

There are many situations where large carpeted areas need to be cleaned in a short space of time and the speed with which the operator can achieve this is paramount.

By way of examples, conference centres, ballrooms, bars, restaurants, hotel, showrooms, shops and department stores. All of these high profile establishments need to be able to respond quickly to varying intensities of public presence.

The RSV is, by design, a Ruc Sac vacuum cleaner... you carry it on your back and when equipped with our 24V TurboElectric power brush system it will allow large carpeted areas to be cleaned in the shortest possible time, and really look clean!

Particular attention has been paid to the harness system to ensure user comfort and safety whilst the extra large filter system and 2-stage Microflo<sup>1</sup> dust bags ensure continuous high performance and clean easy emptying.

The accessory kit contains both power brush and standard accessories to cover the majority of applications.

Motor	Power	Airflow	Suction	Capacity	Range	Weight	Dimensions
1100W	230V AC 50/60Hz	40 L/sec	2400mm	6L	31.4m	6.4 Kgs	440 x 360 x 250mm

Also available 115V/120V specification.
