

# NuSpeed Twin NST1530-HD

A true 2 x 2 of the Floorcare business with a hi-range and lo-range drive system allowing an instant selection of speed between 150rpm and 300rpm to suit the need of the operator and a full 40kg professional operating weight as standard.

The twinspeed function is particularly useful for those many applications where one machine must satisfy many different requirements within the working day and with the very real advantage of compact storage when not in use.

If scrubbing large areas is the need at one particular time, you switch to lo-range 150rpm but, conversely, when floor polishing is the requirement then the hi-range setting doubles the speed, doubles the results and halves the polishing time.

The Twinspeed HD has superb power and performance and shares all the many professional features of the Nuspeed range.

*An extensive range of accessories is available including solution tank and Dustrol vacuum systems as shown, all adding to the exceptional versatility of this design. Our Flexi Pad Drive\* system is supplied as standard for 300rpm use. For brush applications select from our standard range.*

Motor	Deck	Brush	Power	Speed	Vacuum	Range	Weight	Size
1000W/1250W	450mm	450mm	230V AC 50Hz	150rpm 300rpm	Optional NDT130	32m	40Kgs	1250 x 580 x 460mm
